**HOTEL CAPS**

The perfect software solution
for your parking business.

HOTEL

Hotel CAPS, the new customised business software solution from DESIGNA. Devised to meet the needs of your sector, it includes the specific software features that are required in your area of activity. Scaling up is easy when, for example, you wish to expand your range of services or optimise your workflow. Hotel CAPS is available in three different feature levels. The choice is yours.

CAPS HOTEL PRO

- **Ticket Tracking**
Detailed ticket information helps avoiding manual gate openings.
- **Hotel Ticket**
Flexible rates and valid period. Consistent data.
- **Park Check Report (also for MCU)**
Cost center capability and flexible analysis possibilities.
- **MPS/APS-Shift Report**
Detailed cashflow reporting per individual paystation.
- **Season Parker Report**
Enables revision of Season Parker usage to easily identify misuse.
- **Value Check Processing (Chaser)**
Possibility to deal with chaser tickets (vouchers) value-based by having individual reports for used ones.
- **Time Check Processing (Chaser)**
Possibility to deal with chaser tickets (vouchers) time-based by having individual reports for used ones.

CAPS HOTEL PRIME

- **Lost Ticket @ exit without Ticket**
Less operation service reduces manual opening. Speeds up traffic flow.
- **Software License / Multi-Slip Mode / Software Escrow**
Accepts more notes than only one per payment.
- **WinPOS**
Cash register keyboard and display replaced by application.
- **Customer Related Counting**
Enables car pool parking (convenience and system control).
- **QR-Code Discount / Tariff Switching**
- **E-mail Notification**
- **Taxi Ranking**

CAPS HOTEL PREMIUM

- **Promotional Codes**
Digital parking permission – sending out e-mails with parking permission instead of coding tickets and hand these over. Less handlings costs, maximum range.
- **Loyalty Cards**
Easy to embed existing loyalty cards – or even to create some. Using cost centre idea to address lost revenue.
- **Pre-Booking**
Online Payments grant and assure an increase of the car parks' attractiveness. Sales guarantee for pre-booked parking spaces. Flexible tariff design based on expected capacity utilisation.
- **Third Party Request**
Implements a third party platform fast and easily.
- **DESIGNA eCademy**
Well informed employees are able to make the most out of your system. Online Training Platform speeds up even new employees due to available tutorials (how to deal with consumables).
- **Web & App (A)**
- **Kiosk Function**
